PATROLS V.

TATIOLD Y.

Be well assured that on our side
The antiroided Heavens fight.
The untroubled wind and heaping side
Make us their sport tonight:
By force of weather not of war
In gioparity we story.
Then welcome Fate's discourtesy
Whosely it shall squeery

welcome Fate's discourtesy hereby it shall appear. How in all times of our distress And our deliverance too. The game is more than the player And the ship R more than the crew.

And the Ship H 1600s than the crew
Be well assured, though wave and wind
Halv mightier blows in store,
The season of the Market assigned
And as our streaming how rebike
Each billow's haulked career,
Sing welcame Fetre's discourtes;
Whereby'tt is made clear.
How in all time of our distress
And in our triumph too,
The game is more than the player
And the ship is more than the crew

And the ship is more than the crew

Be well assured, though in our power

Is nothing left to give

But time and power to meet the hour

And leave to strive to live,

Till these dissolve our order holds,

Our Service binds us here,

Then welcome Fate's discourtesy

Wherby it is made clear

How in all times of our distress

And in our triumphs too,

The game is more than the player

And the ship is more than the crew.

PREJUDICE

The tendency of Men to-day to cling to Time Worn Methods--A Brake on the Wheels of Progress--A few there are who grasp the significance of new ideas--These are real leaders of the worlds industry

THE STORY OF BESSEMER STEEL

In the year 1856 the Bessemer Process of treating steel was discovered. It was looked upon for a time with the utmost skepticism and Bessemer could not get a steel manufacturer to even consider the new process. It was with the greatest difficulty that he finally gained an opportunity to present his discovery before a convention of steel operators. It received at the hands of this convention nothing but ridicule and was wnived aside as a most impractical proposition.

There was, however, at this convention one man with a mind open for new ideas—one man who was able to step out from the beaten track and throw off the prejudice of time worn, methods. He was interested to such an extent that he arranged an interview with the discoverer of the new process with the final result that together they gave the world Bessejner steel, which has since revolutionized the steel industry.

The Ability to Assimilate New Ideas Marks the Progressive Man.

IN the past many men in the City of Edmonton have worn Ready Made Clothes. Some have become accustomed to sending away for those so called "special order" or "made to measure" clothes. The ideas prompting the buying of that class of clothes were no doubt based on conditions as they existed then.

The advent of the Tailoring House of La Fleche, organizedon a large scale under Modern Tailoring Methods placed the buying of clothes on an entirely new basis. Why should any man to-day cling to the ready made habit when the House of La Fleche offers him Custom Tailored Clothes of vastly superior quality and at prices to you assuring a great economy. Why should any man to-day send away for clothes when right in the City of Edmonton there exists a Tailoring House modern and efficient in every sense of the word. Hundreds of men in the City of Edmonton and District have already grasped the significance of the new idea. Break away from that "Force of Habit" way of doing things. Be individual in your actions and thoroughly modern in your ideas and methods. Have your Clothes Tailored for you. Let your Suit and Overcoat be strictly Your Suit and Overcoat having been Tailored for you and you only.

Modern Efficiency--A Corner Stone of the La Fleche Custom Tailoring Superiority

To the Man Who Has Worn a Tailored Suit and Gone Back to Ready-Mades

There are men who have bought just one tailored suit from some old fashioned tailor and have not received satisfaction and naturally they have gone back to ready-mades. They characterize all tailoring as a failure. They fail to distinguish modern tailoring methods from the old ideas. Again there are many men who have bought these so called "special order" clothes, being led to believe that it was custom tailoring, and not having been satisfied they say, "No more tailored clothes for me." These are prejudices formed from clothes being misrepresented to them. Its just this sort of prejudice that the La Fleche Tailoring methods are breaking down daily.

The Head of the La Fleche Tailoring Organization

To the Man who Buys Clothes from a Travelling Agent from Eastern Canada

The buying of clothes in this way is due mainly to a prejudice—to an idea that clothes bought in large cities must necessarily be better. In the tailoring of clothes there are two phases. One is the purely mechanical side which is taken care of with the tape measure. The other and by far the most important feature is the artistic element which comes in the designing of your suit and in the fitting. This important part is what you fail to get in buying clothes by long distance. Clothes bought by this system cannot be considered as custom tailored in any sense of the word.

The New Prices of La Fleche High-class Custom Tailored Clothes \$25, \$27.50, \$30, \$32.50, \$35, Etc.

Overcoats

& Ulsters

They are Distinctive They are Comfortable And the price is not a point of emphasis with us. Its the clothes value given in return for these prices. Many merchants have much to tell you about price but little that commends tiself to you in the way of real clothes value. Prices themselves indicate nothing. Get accustomed to looking beyond the price to the standard of quality which stands behind the clothes you buy. Old customs and habits in the buying of Clothes in the past have been swept into the back ground by the La Fleche Tailoring Facilities. Break down that Force of Habit and Prejudice and let the buying of Your Clothes be considered in the light of

THANKS

The Northern Hardware Co., Ltd.

We desire to express our appreciation to the public of Edmonton and vicinity for the tremendous ovation accorded the opening day of our sale, and we freely admit, that while we expected a large volume of business, the results obtained and the business transacted were away beyond our highest aspirations. FOR THIS WE THANK YOU.

The Prices Did It | On Saturday Again

Farmers, business men, housewives, soldiers, clerks, mechanics, artists, lawyers, doctors, crowd our store and fight their way to the bargains. AND THEY GET THEM. Everybody good natured, intelligent clerks, good management, big stock, no inflated prices.

THE GALT "CORSAGE"—On the day of the aument of President Wilson to Mrs. Galt, Thon

RULES "HEALTH Movement Bowels.

If every child in every school in this great country could be taught this one rule of health in such a way as to appreciate its value, and the such as way as to appreciate its value, and canda would be known as a country where people live to a great age.

When your call the doctor his first question refers to the condition of the bowels, and his first medicine is intended to ensure the activity of these organs. Whether you have a cold or appendicits, kidney disease or rhermatism, there are poisons in the system which must be trouble if the bowels had been healthful and active. For this reason we claim that the First and Most Important Rule of Health is "Dally Movement of the Bowels."

If the bowels can be kept in healthful action at all

Bowels."

If the bowels can be kept in healthful action at all times there is little need for either doctor or medicines, and about nine-tenths of the annoying and dangerous ills of life are avoided.

of life are avoided.

The ideal corrective treatment for the bowels is Dr. Chase's Kidney-Liver Pills. Not only because of their promptness of action, but also because they immediately arouse the sluggish liver, and by so doing cure constipa-

tion.

The bile which is filtered from the blood by an active liver is Nature's eathertie, so if you can keep the liver irright there will be no sluggishness in the action of the lowers. Keep the liver and kidneys healthy and active by using Dr. Chase's Kidney-Liver Pills and you will prevent reby avoid a multitude of lilk.

Dr.A.W.Chase's Kidney-LiverPil
